

Schreiber Upper Extremity Rehab Clinic

Description:

When you sustain an injury to the hand, fingers, wrist, elbow, arm or shoulder, Schreiber Upper Extremity Rehab Clinic can help to speed your recovery with specialized rehabilitative treatment.

The Clinic developed as a result to fulfill a need for the Wichita Falls and surrounding areas for specialized upper extremity care. The clinic works with patients of all ages to recover from various injuries sustained on the job or at home, as well as weekend warriors to athletic conditions.
