

## **Texas State Optical - TSO**

### Description:

Roy T. York O.D., & Laura Stancik O.D.

Texas State Optical has been taking care of the eyes of Texas since 1936. We are proud to be part of the TSO family which is built on a foundation of patient focused care and quality products that stand the test of time. Our Doctors of Optometry and experienced Opticians continue to support these core values that have remained unchanged throughout the years.

We have enjoyed building relationships with many of our patients and many times, entire families choose TSO for all their vision needs. There's no greater satisfaction for an eye doctor than to provide vision care for a grandmother, son and granddaughter from the same family.

If it's time now for your annual eye exam, or if a vision problem is causing you concern, contact our office. We are sincerely committed to our patients and appreciate the fact that they come back to see us. Texas State Optical has been taking care of the eyes of Texas since 1936.
